## PORTFOLIO

[portfolio-ykadri.vercel.app](https://portfolio-ykadri.vercel.app)

## IT SKILLS

### Front & Backend Frameworks:

Angular • React • Next.js • Symfony •  
Java Spring Boot • API REST •  
Express.js • Django

### Programming Languages:

Java • TypeScript • JavaScript •  
Python • C • C# • .NET • Bash

### Databases & Big Data:

MySQL • Oracle • SQL • Hadoop •  
Hive • HBase • Kafka • Spark SQL

### DevOps:

CI/CD • Jenkins • Docker

### Tools & Quality:

Git • UML • Jira • Sonar • ESLint

### Networks & Security:

Active Directory • LDAP • VPN •  
Firewall • DMZ • Monitoring • DNS

## LANGUAGES

**French** : Native

**English** : Intermediate (B1),  
technical

## HOBBIES

Video games

Development

Racket sports

Volleyball

# YANIS KADRI

Computer Science Student | BAC+4 | 22 years old

## ABOUT ME

I am a fourth-year engineering student in computer science, studying at CESI in France and working at SQLI Bordeaux, and I am looking for a 12-week international internship between mid-April and October 2026. Through my various studies in computer science and my work experience, I have acquired solid technical skills as well as professional qualities such as teamwork, autonomy, and project management. I am eager to put my skills into practice, continue to develop them, and contribute to a team that shares my values, while discovering a professional environment abroad.

## WORK EXPERIENCE

### Full-Stack Engineer Apprentice | SQLI, Gironde, Bordeaux | Sep 2023 - Present

- Designed, developed, and maintained Full-Stack applications in Java Spring Boot: REST APIs, services, controllers, repositories, business features, dynamic tables, real-time charts, data import/export, user management.
- Created, improved, and refactored front-end interfaces using Angular and TypeScript.
- Performed unit and integration testing, Sonar report analysis, ESLint verification.
- Implemented short and long features, fixed bugs, handled client feedback.
- Participated Agile sprints, wrote user stories, conducted demos, communicated with clients and contributed to project management.
- Worked independently and as part of the team: participated in multiple projects and proposed technical solutions.
- Optimized code performance and maintainability, adhered to best practices and development standards.

### Full-Stack Developer Intern | SQLI, Gironde, Bordeaux | Mar 2023 - Jun 2023

- Developed Full-Stack features using Java Spring Boot and Angular
- Performed unit tests and addressed Sonar reports
- Completed simple, concrete tasks: page updates, small feature development, using ag-Grid, understanding user stories, and collaborating with the project team

## PROJECTS

### Portfolio Website

- Personal portfolio built with Next.js and Tailwind CSS.
- Showcases full-stack applications, data projects, DevOps, and network/security projects.

## EDUCATION

### Engineering Degree Computer Science | 2024 - Present

- CESI de Bordeaux (33), Work-study program, 4th year

### BUT (University Bachelor of Technology) in Computer Science | 2021 - 2024 | Honors, 2nd in class

- IUT de Bordeaux (33), Track: Application Development

### General Baccalaureate | 2021 | Honors

- High School: Jean Moulin, Langon (33)
- Specialties: Mathematics, Computer Science
